# Redraw the lines of communication with Border

Built for use in environments such as office, education, and healthcare, Border's sleek minimalistic framing meets the elegance of glass and bulletin board surfaces. Mix and match surfaces, sizes, and colors to create a tiled art piece where you can share your ideas.

## Aesthetic

Sleek, aluminum frame gives Border a modern, minimalistic aesthetic that gently upscales the design of any space.

## Functional

Glassboard and bulletin surfaces can stand on their own or be used in tandem to create a functional art display.

## Possibilities

A vast collection of fabrics, glass colors, and frame finishes allows for mixing and matching of colors and surfaces.

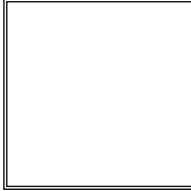

## Unique

With a multitude of options, create a communication display that is custom-fit for your space.
