DECO *Aurora*

Your World, Your Color. Deco Aurora from Ghent is offered in an array of nine different colored inserts for you to choose whichever best suits your taste. The four multi-faceted corner connectors, aluminum framing, and color insert strips gracefully come together for a highly complimentary look. The 3/4" wide thermoplastic PVC inserts not only add a splash of color, but also serve to conceal the wall mounting hardware leaving no exposed fasteners. Deco Aurora is available with either a magnetic dry erase marker or a tackable vinyl surface. Markerboards feature protective end caps on the accessory tray and come with markers and an eraser. Deco Aurora's attractive design puts the VISUAL in visual communication boards.
