

Recycled Rubber Enclosed Tack Boards

Ghent's new Enclosed Board with a Recycled Rubber Tack surface makes doing the right thing easy to do for both yourself and the environment.

Made with 90% recycled materials this board is sure to pass any green standard. These indoor usage units are offered in both aluminum and solid wood framing.

The textured tackable surface is self-healing and won't show pin holes. Units come fully equipped with lockable, hinged doors and shatter resistant acrylic. Recycled Rubber Enclosed Tack Boards carry Ghent's 10-year guarantee.
